

INTEGRITY EXPRESS LOGISTICS

City of Blue Ash | Hamilton County, Ohio | 2016

The Port aligned with other public agencies to provide incentives to retain a fast-growing third-party freight brokerage company in Hamilton County. Integrity Express Logistics, a veteran-owned company, is committed to grow to 250 employees by 2026. The Port executed an ownership and long-term lease agreement on their 120,000 square foot office building.

“With GCRA’s lease structure and sales tax exemption on construction cost, we were able to put that right back into the business for growth and expansion. GCRA was a great partner, and the process was for the most part, seamless.”

Pete Ventura

CEO and Co-Founder, Integrity Express Logistics
